What is Safeguarding adults?

'Safeguarding means protecting an adult's right to live in safety, free from abuse and neglect. It is about people and organisations working together to prevent and stop both the risks and experience of abuse or neglect, while at the same time making sure that the adult's wellbeing is promoted including, where appropriate, having regard to their views, wishes, feelings and beliefs in deciding on any action. This must recognise that adults sometimes have complex interpersonal relationships and may be ambivalent, unclear or unrealistic about their personal circumstances.'

Care and Support Statutory Guidance, Department of Health, updated February 2017

All adults should be able to live free from fear and harm. But some may find it hard to get the help and support they need to stop abuse.

An adult may be unable to protect themselves from harm or exploitation due to many reasons, including their mental or physical incapacity, sensory loss or physical or learning disabilities. This could be an adult who is usually able to protect themselves from harm but maybe unable to do so because of an accident, disability, frailty, addiction or illness.

Noor ul Islam Mosque adheres to following the six key principles that underpin safeguarding work (See Care Act guidance)

- Empowerment
- Prevention
- Proportionality
- Protection
- Partnership
- Accountability

Noor ul Islam Mosque will not tolerate the abuse of adults in staff and volunteers should ensure that their work reflects the principles above and ensure the adult with care and support needs is involved in their decisions and informed consent is obtained. Noor ul Islam Mosque should ensure that the safeguarding action agreed is the least intrusive response to the risk. Partners from the community should be involved in any safeguarding work in preventing, detecting and reporting neglect and abuse. Noor ul Islam Mosque should be transparent and accountable in delivering safeguarding actions.

Vulnerable Adult: Whilst there is no formal definition of vulnerability within health care, some people receiving health care may be at greater risk from harm than others, sometimes as a complication of their presenting condition and their individual circumstances. The risks that increase a person's vulnerability should be appropriately assessed and identified by the health care professional//Care Home provider at the first contact and continue throughout the care pathway (DH 2010).

Under Section 59 Supporting Vulnerable Groups Act 2006 a person aged 18 years or over is also defined as a vulnerable adult where they are 'receiving any form of health care' and 'who needs to be able to trust the people caring for them, supporting them and/or providing them with services'.

The Care Act 2014 requires agencies to work together to develop shared strategies for safeguarding vulnerable adults. All health, social care professionals and care workers play a key role in safeguarding of vulnerable adults who are in receipt of health or care services. It is everybody's responsibility to protect vulnerable adults from abuse, harm and omissions of care.

Adult at risk: Safeguarding duties apply to an adult aged 18 or over and who:

- Has needs for care and support (whether the local authority is meeting any
- of those needs or not) and;
- Is experiencing, or is at risk of abuse or neglect; and
- As a result of those care needs is unable to protect themselves from either
- the risk of, or the experience of abuse or neglect.

What is Making Safeguarding Personal (MSP)?

MSP means a case should be person-led and outcome-focused. The individual should be involved in identifying how best to respond to their safeguarding situation by giving them more choice and control as well as improving quality of life, wellbeing and safety.

Noor ul Islam Mosque will not tolerate the abuse of adults. Noor ul Islam Mosque will ensure that adults are involved in their safeguarding arrangements and each individual is dealt with on a case by case basis. As adults may have different preferences, histories and life styles, the same process may not work for all.

Who do adult safeguarding duties apply to?

The Care Act 2014 sets out that adult safeguarding duties apply to *any* adult who:

- has care and support needs, and
- is experiencing, or is at risk of, abuse and neglect, and
- is unable to protect themselves from either the risk of, or the experience of abuse or neglect, because of those needs.

Who do I go to if I am concerned?

The named responsible person for safeguarding duties for **Noor ul Islam Mosque is Majid Khan** who can be contacted on **07855447782**.

All staff and volunteers should contact Majid Khan for any concerns/queries they have in regards to safeguarding adults. A log of the concern must be kept.

Majid Khan will be responsible to make decisions about notifying adult social services if required and consider alternative actions, where necessary.

Majid Khan will also ensure that the safeguarding adults policies and procedures are in place and up to date. They will ensure a safe environment is promoted for staff and volunteers and adults accessing the service. Majid Khan will ensure they are up to date with their safeguarding adults training.

What should I do if I am concerned?

Staff and volunteers at Noor ul Islam Mosque who have any adult safeguarding concerns should:

1. Respond
 - Take emergency action if someone is at immediate risk of harm/in need of urgent medical attention. Dial 999 for emergency services

- Get brief details about what has happened and what the adult would like done about it, but do not probe or conduct a mini-investigation
 - Seek consent from the adult to take action and to report the concern. Consider whether the adult may lack capacity to make decisions about their own and other people's safety and wellbeing. If you decide to act against their wishes or without their consent, you must record your decision and the reasons for this.
2. Report
- Report any potential safeguarding concerns to Majid Khan, designated safeguarding lead.
3. Record
- Incidents will be logged in an incident form and kept by the safeguarding lead. As far as possible, records should be written contemporaneously, dated and signed.
 - Keep records about safeguarding concerns confidential and in a location where the alleged abuser will not have access to the record. Access should not be given to any unauthorised person for accessing confidential information including the sharing of passwords.
4. Refer

In making a decision whether to refer or not, the designated safeguarding lead should take into account:

- (1) the adult's wishes and preferred outcome
- (2) whether the adult has mental capacity to make an informed decision about their own and others' safety
- (3) the safety or wellbeing of children or other adults with care and support needs
- (4) whether there is a person in a position of trust involved
- (5) whether a crime has been committed

This should inform the decision whether to notify the concern to the following people:

- the police if a crime has been committed and/or
- Bury Adult Care and Connect for possible safeguarding enquiry. Please see this page : [Safeguarding Adults in Bury](#)
- Phone Adult Care Services Customer Contact Centre on 0161 253 5151 during normal office hours or The Emergency Social Services Team on 0161-253-6606 during the evenings, overnight, weekends, and bank and other public holidays
- You can also contact Greater Manchester Police on 0161 872 5050 or the Emergency Services on 999.
- family/relatives as appropriate (seek advice from adult social services)

The designated safeguarding lead should keep a record of the reasons for referring the concern or reasons for not referring.

Incidents of abuse may be one-off or multiple and may affect one person or more. Staff and volunteers should look beyond single incidents to identify patterns of harm. Accurate recording of

information will also assist in recognising any patterns. As soon as Adult Social Services becomes involved, a 4-stage safeguarding adults process is followed.

What are your roles and responsibilities?

All staff, management, trustees and volunteers at Noor ul Islam Mosque are expected to report any concerns to the named person for safeguarding. If the allegation is against one of Noor ul Islam Mosque members, volunteers, trustees or directors, seek advice from Noor ul Islam Mosque's safeguarding lead, Majid Khan. If the allegation is against the safeguarding lead, seek advice from Bury Adult Care and Connect.

The designated safeguarding adults lead should be responsible for providing acknowledgement of the referral and brief feedback to the person raising the original concern. Feedback should be given in a way that will not make the situation worse or breach the Data Protection Act. If the police are involved, they should be consulted prior to giving feedback to the referrer to ensure any criminal investigation is not affected.

The local authority will decide on who will lead on a safeguarding enquiry should it progress to that stage. The named organisation should not conduct its own safeguarding enquiry unless instructed to do so by the local authority.

Staff and volunteers should ensure that the adult with care and support needs is involved at all stages of their safeguarding enquiry ensuring a person-centred approach is adopted.

Complaints procedure

Noor ul Islam Mosque promotes transparency and honesty when things go wrong. All staff and volunteers should apologise and be honest with service users and other relevant people when things go wrong.

If a staff or volunteer or any other member of the organisation is unhappy with Noor ul Islam Mosque's decision about the safeguarding concern, seek advice from Bury Adult Care and Connect.

Noor ul Islam Mosque is committed to ensuring that staff and volunteers who in good faith whistle-blow in the public interest, will be protected from reprisals and victimisation.

The Mental Capacity Act 2005 is to be used when decisions on behalf of those adults with care and support needs who are unable to make some decisions for themselves. Refer to the Mental Capacity Act Code of Practice, <https://www.gov.uk/government/publications/mental-capacity-act-code-of-practice>. You will need to involve an advocate if the person lacks capacity to make decisions about the safeguarding concern.

Why is it important to take action?

It may be difficult for adults with care and support needs to protect themselves and to report abuse. They rely on you to help them.

Confidentiality and information sharing

Noor ul Islam Mosque expects all staff, volunteers, trustees to maintain confidentiality at all times. In line with Data Protection law, Noor ul Islam Mosque does not share information if not required.

It should however be noted that information should be shared with authorities if an adult is deemed to be at risk of immediate harm. Sharing the right information, at the right time, with the right people can make all the difference to preventing harm. For further guidance on information sharing and safeguarding see: <https://www.scie.org.uk/care-act-2014/safeguarding-adults/sharing-information/keymessages.asp>

Recruitment and selection

Noor ul Islam Mosque is committed to safe employment. Safe recruitment practices, such as Disclosure and Barring checks reduce the risk of exposing adults with care and support needs to people unsuitable to work with them.

Training, awareness raising and supervision

Noor ul Islam Mosque ensures that all staff and volunteers receive basic awareness training on safeguarding adults as they may come across adults with care and support needs who may be at risk of abuse. Those adults may report things of concern to staff or volunteers who should be equipped with the basic knowledge around safeguarding adults and be confident to identify that abuse is taking place and action is required. All staff and volunteers should be clear about the core values of Noor ul Islam Mosque and commitment to safeguarding adults.

Prevent

Radicalisation and extremism of adults with care and support needs is a form of emotional/psychological exploitation. Radicalisation can take place through direct personal contact, or indirectly through social media.

If staff are concerned that an adult with care and support needs is at risk of being radicalised and drawn into terrorism, they should treat it in the same way as any other safeguarding concern.
